PRESIDENT'S MESSAGE FOR FEBRUARY 2025

Hi Everyone,

Welcome back to Probis for 2025. Your Committee have generally had a nice break from Probis commitments, but some have been quite busy in the background with planning for the coming year. I missed the January meeting where a survey of members was made to ascertain what activities and outings you'd like us to explore for this year. We'll provide some information on this at an upcoming meeting and possibly in the Newsletter.

The Annual General Meeting is looming, and will be held in March immediately following the General Meeting. All offices are declared vacant and nominations for each role is now being sought. I know that you all value our Club and I urge each of you to consider nominating for one of these roles. All you need is the willingness to give back to the Club that you have benefitted so much from, you in turn get to share your knowledge, ideas, and experiences with fellow members. Current Committee Members will be happy to provide guidance and advice. If you would like any further information about any of these positions, please speak to a Management Committee member. A description of each role can be provided, and none are difficult at all. A number of current Committee members have served for many years and would love to take a step back, so please consider putting your hand up.

Our guest speaker this month is former Mayor Tony Wellington. Tony has kindly stepped in after our programmed guest speaker had to withdraw due to other commitments. Tony is a wealth of information about the wildlife of the region and always entertains. I'm sure you'll find him as informative and engaging as ever.

February and March outings are listed in this Newsletter and offer a great variety of options. I plan to attend where I can and always enjoy my time spent with my Probis friends. Speaking of outings I really enjoyed both the Christmas lunch at the Reef Hotel (poor Joan P put so much effort into it then couldn't attend), and at the Botanical Gardens for our annual Christmas picnic.

Finally, I'm just back from two wonderful weeks in NZ visiting my daughter Kate. The weather in Christchurch was perfect and it was so nice to have a break from the showery heat and humidity. So sad though to see the city still greatly devastated from the 2011 earthquake. They continue to experience tremors in the region.

To our members that are experiencing health issues, my thoughts go out to you and I do hope that you can participate very soon again in our Club's activities.

Geoff
